

# Where can I find books about Anthropology in the SSL?

## Main Anthropology Shelfmarks

- DS History of Asia
- DT History of Africa
- DU History of Oceania
- F History of the Americas
- GN Anthropology

The collections of the Tylor Social and Cultural Anthropology Library (including about 9,000 books) moved to the SSL in 2022. The books were interfiled on the SSL bookshelves using the Library of Congress classification scheme already used by both libraries. The books are distributed throughout the SSL bookshelves but, given the Tylor's specialism in social and cultural anthropology, there are some shelves which now have a very high concentration of former Tylor Library books, as shown in orange on this map.
